

The German Cancer Research Center Announces the

Andreas Zimprich Award 2019

for a Medical Dissertation in the Field of Neuro-Oncology

The award is endowed with EUR 2,500

The Andreas Zimprich Foundation promotes research and science in the field of brain tumors, with particular emphasis on glioma. The foundation would like to honor an outstanding medical dissertation in the field of neuro-oncology, conducted at the German Cancer Research Center, one of its clinical cooperation units or in a study center of the Neuro-Oncology Working Group (NOA) of the German Cancer Society, and completed in 2017, 2018 or before July 31st, 2019.

Applications for the award should be submitted **by October 31st, 2019** with the following documents:

- The application
- An updated CV
- The Dissertation
- At least one publication based on the dissertation.

The award will be presented at the DKFZ in the framework of a celebration colloquium. The award can be shared. There is no right of appeal.

Please email your application to the Andreas Zimprich-Stiftung in the German Cancer Research Center c/o e.hohensee@dkfz.de.
